

How we calculate your subscription charges

We take into consideration four things. These are:

- The number of people you wish to cover
- Their individual ages
- The country of residence (i.e. where your employees will be living for the majority of the year)
- The level of cover you choose (i.e. Company Essential, Classic or Gold) and the payment options within that level of cover

Finding your subscription is easy

There are four quick steps:

Step one

Find your country of residence to establish your zone (eg France is Zone 6). This can be found on the map below

Step two

From the subscriptions tables select the level of cover you want for your zone (eg Company Essential, Classic or Gold)

Step three

Decide on your frequency of payment, eg quarterly or annually.

Step four

Locate the age you will be at the start of your membership and those of any others you wish to include on your policy, your zone and currency you wish to pay in.

Please note that the products and prices available may be subject to change at short notice due to regulatory changes, tax, or other matters outside BUPA International's control.

If you have any questions about joining BUPA International, you can call our international sales team on:
